4.	Biotechnology department has Proposed to purchase Fermentor	Fermentor for Biotechnology department has been purchased and installed
5.	Department of Biotechnology has proposed to conduct science exhibition	Science Exhibition for school students were conducted by Biotechnology
6.	Modular form of text may be given	The modular form of text (notes of lesson) has been prepared
7.	Department of Biochemistry has proposed to organize a Scientific Awareness Programme for farmers and Self Help Group	Three days Creation of Scientific Awareness Programme for farmers. Self Help Groups and School Students have been conducted on

		March 29 th to April 1 st 2009
8.	Group discussions among the students must be encouraged	The students are encouraged to participate in group discussions
9.	Research meeting may be conducted periodically	Research meeting of the research scholars is being conducted once in a month

PART – B

1. Activities reflecting the goals and objectives of the institution

Goals:

1. To maintain high academic standards
2. To improve the knowledge of the students through effective teaching and learning practices
3. To educate students from the rural community by giving preference
4. To develop moral values among the students
5. To enhance the students' knowledge and skills to match the demands of the scientific and technological world
6. To make the student focus on their research activities and be innovative
7. To make the students pursue higher studies and update their knowledge according to the demands of the job market and improve their employability

Objectives:

To impart the globally competent knowledge of the graduates of Arts and Science students along with:

1. Effective communication through reading, writing, speaking and listening
2. Creative and innovative ability to resolve problems and make effective decisions
3. Increasing the knowledge of computational skills on a level compatible with job demands
4. Imparting professional code of ethics, a sense of social responsibility, good habits and a positive attitude
5. To train and develop the students to be employable in the changing environment of IT and pharmaceutical sectors

6. To enhance the performance of teachers through knowledge exchange programme
7. To develop the college into a pioneering Centre of Teaching, Learning and Research in the area of Arts and Science

Academic programmes:

- ✓ The college strives to achieve a synthesis of equity and excellence. The aim is to inculcate a value system in the students so that they may attain the holistic development.
- ✓ The college is committed to promote higher education for students in such a way that it meets the fast changing needs of the agriculture and industrial sectors and to cater to the demands of the students belonging to the various strata of our society
- ✓ The college insists on working towards the objective of empowering students to face the challenges of the corporate world and to maintain industry-academia relationship
- ✓ The Interdisciplinary course namely B.A English (Computer Application) have been started during the academic year 2008 – 2009 to suit the local and global employment market.
- ✓ The new courses namely B. Sc Physics and B. Sc Chemistry have been started during the academic year 2008 – 2009 to impart basic knowledge and skills in the field of Basic Sciences.
- ✓ Research course namely M. Phil Commerce and M. Phil Biochemistry have been started during the academic year 2008 – 2009 to suit the local and global employment market.
- ✓ During the academic year 2008 – 2009, more than 99% of the students were from the rural area and their parent's occupation as agriculture. It is evident that our institution attract the rural community largely
- ✓ The goals and objectives are made known to the freshers during the Induction Programme conducted at the beginning of the academic year.
- ✓ All the teachers who have less than five years of teaching experience undergo an Orientation Programme organized by the IQAC. The themes of the Orientation Programme is related to the recent trends in educational psychology.
- ✓ Outreach Programmes take the benefits of higher education to the poor and rural people in the hamlets in and around Hosur.

- ✓ The very fact that during this year 43% girl students studying in the college reveals that the academic programmes offered by our institution have attracted the women community by catering their needs.
- ✓ To create awareness among the women, a women development cell has been established to address the needs of women on health, legal problems, rights and employment
- ✓ As part of the Quality Concern, concrete steps have been taken in establishing an Internal Quality Assurance Cell in the campus. Feedback has been collected from the outgoing students during the final semester. The external members of IQAC were replaced with more dynamic personalities so that they play a proactive role in the cell
- ✓ The tutoring system has been implemented for the last few years. In this system every class has a tutor, a senior staff-member of the department, who would keep track and monitor the academic progress made by the students of that particular class

Research activities

Ever since the inception of the research centre in Microbiology and Tamil in 2002, Research Scholars and faculty members in Microbiology realized the breathing problem of the environmentalist such as the effluent treatment and agricultural waste utilization. With the perspective of using microbial source in treating the issue, they developed suitable projects by receiving grants from TNSCST and from the management. It has created a great concern for the waste management among the students' of life sciences and has catered the younger generation on the importance of the issue.

Extension activities

- The post graduate departments of life sciences are carrying out the research and extension work to transmit the research findings from “Lab to Land”.
- The extension work was carried out by the 3 NSS units of our college in 2 villages and by 12 programmes.
- The Department of Computer Science has given ‘in house training’ on MS Office and Internet to the newly appointed teaching and non-teaching staff members of our college.

2. New academic programmes initiated (UG and PG)

UG : B. Sc Physics
B. Sc Chemistry
B.A. English (CA)

Research : M. Phil Commerce
M. Phil Computer Science
M. Phil Biochemistry

3. Innovations in curricular design and transaction

The curriculum and syllabi of the courses have been restructured to Choice Based Credit System (CBCS) from the current academic year according to the instructions given by TANSICHE through Periyar University, Salem to which the college is affiliated.

Apart from the curriculum designed by the Periyar University, Salem, we take personal responsibility in the following;

- Teaching has been reformed in such a way that the student understands the fundamental concepts and principles that underpin their areas of specialization.
- Application of the principles and the subject in practical life is being taught
- Moral and ethical issues of the subject
- Substantial research oriented hands on training that generate knowledge and analytical skills are being taught
- We believe that the role of computer is very essential for the future endeavour in almost all the programmes offered by the college. Thus the college has provided internet connectivity to all the faculties, thereby creating greater awareness of Information and Communication Technology among the students and promote the process of learning.
- Remedial Programmes have been organized for slow learners / low achievers.
- Internship in leading institutions and rural areas
- College provides choice through elective papers, Non Major Electives and Extra Disciplinary courses
- Compulsory participation in NSS/YRC/Sports
- Introduction of General awareness course to facilitate the students to write the competitive examinations and Environmental studies to create environmental awareness

Innovations in Teaching methods

- Multimedia Learning process
- Teaching with sense of humor
- Group discussions

Innovations in Laboratory experiments

- Laboratory experiments are designed by Periyar University, Salem and so no innovations can be made in this criteria

Innovations in Evaluation methods

Evaluations are made in respect to individual students by

- Assignments
- Class seminars
- Group Discussions
- Model preparation
- Activity based learning

Preparation of resource material including books, reading materials, Laboratory manuals etc.

Students are issued a hard copy of reading materials and protocols of experiments to be done in laboratories concerning their disciplines

Remedial Teaching / Student counselling (academic)

- Apart from normal class room sessions, the students with less concentration and poor understanding are given special attention after the college hours. They are individually called and the concepts of the lessons are taught for their easy understanding and creativity based learning are given for their easy understanding.

Any Other Innovations

- Encouraging student to participate and present papers/posters in state/national and international seminars/conferences/workshops for scientific interactions.
- Conducting industrial visit to the biotechnology/food/pharmaceutical industries for students to promote the spirit of bioentrepreneurship

4. Interdisciplinary programmes started

B.A. English Literature (Computer Applications)

5. Examinations reforms implemented

- Three Internal Assessment Tests and a Model Examination for theory, and a Model practical exam for each subject were conducted for each semester.

- Based on the examinations, seminars and assignments, the students were given internal marks.
- Quality initiatives in students' progress were achieved by sending progress reports to parents regarding attendance, unit test and model exam marks and semester examination marks of the students to parents.

6. Candidates qualified NET/SLET/GATE etc.

25.Computerization of administration and the process of admissions and examination results, issue of certificates:

The office administration is completely computerized and the campus is completely connected with intra and internet facilities.

26.Increase in the infrastructure facilities:

The following are the infrastructure facilities created during 2008 – 2009

Towards the purchase of new instruments and chemicals

Microbiology	–	Rs. 2,14,185
Biochemistry	–	Rs. 3,02,423
Chemistry	–	Rs. 36,970

Towards the purchase of new softwares

Computer Science	–	Rs. 36,000
------------------	---	------------

27. Technology upgradation:

New software's and antivirus worth Rs. 36,000 has been purchased in the department of Computer Science. New multimedia computers were purchased to meet the demand of the increase in the number of strength in the Department of Computer Science. Office administration is fully computerized and the campus is fully connected with intranet and internet.

28. Computer and Internet access and training to teachers and students:

One-day training programme on Information Communication Technology (ICT) usage and Office Automation has been conducted to teaching and nonteaching staff members. Internet access is provided to all students through computer laboratories at their allotted time period.

29. Financial aid to students:

The State and Central Government scholarships are being applied for the students at the beginning of the academic year and the same has been received and released to students as scholarships.
