4.	The College management expects the staff of the college to take an active part in all the academic activities like National / International conferences; presenting research based papers in several leading publications and in equipping themselves with the latest discipline of knowledge in their respective fields	Staff members and students are financially supported to participate in scientific meets and are encouraged to publish their research findings
5.	To train the staff members in ICT based teaching	There is also a serious need among the staff and students to get familiarized with the use of ICT tools in teaching and learning. Bearing in mind, the imminent need to enhance the communicative skills, the College has taken steps to conduct Bridge Course

6.	To make available many new books on diverse topics at one place for the benefit of the teaching fraternity and student community, it was planned to organize a book fair regularly in the college campus	A book fair was organized in the auditorium for the benefit of the students and staff.
7.	To facilitate academic communication among faculties, researchers and students, it is proposed to register for INFLIBNET to the college	INFLIBNET was widely used by students and the staff members in the college
8.	Teachers are to be encouraged to upgrade themselves – registering for their research, participation in seminars, conferences, symposiums, refresher courses and orientation programs	The Management came forward with new initiatives to promote research among the staff members and scholars like financial assistance, free internet access, e-journal facilities, etc.
9.	Conduction of more Seminars / Conference / Workshops.	4 National Seminar have been organized by the Department of Computer Science and 2 workshop have been organized by the Department of Biotechnology
10.	Workshop on soft skills training programme for II year PG and III year UG students to be conducted	Workshop on soft skill training programmes for II PG and III UG students was conducted by Placement Cell

### PART – B

#### **1. Activities reflecting the goals and objectives of the institution**

##### **Goals:**

1. To maintain high academic standards
2. To improve the knowledge of the students through effective teaching and learning practices
3. To educate students from the rural community by giving preference
4. To develop moral values among the students
5. To enhance the students' knowledge and skills to match the demands of the scientific and technological world
6. To make the student focus on their research activities and be innovative
7. To make the students pursue higher studies and update their knowledge according to the demands of the job market and improve their employability

**Objectives:**

**To impart the globally competent knowledge of the graduates of Arts and Science students along with:**

1. Effective communication through reading, writing, speaking and listening
2. Creative and innovative ability to resolve problems and make effective decisions
3. Increasing the knowledge of computational skills on a level compatible with job demands
4. Imparting professional code of ethics, a sense of social responsibility, good habits and a positive attitude
5. To train and develop the students to be employable in the changing environment of IT and pharmaceutical sectors
6. To enhance the performance of teachers through knowledge exchange programme
7. To develop the college into a pioneering Centre of Teaching, Learning and Research in the area of Arts and Science

**Academic programmes:**

- ✓ The college strives to achieve a synthesis of equity and excellence. The aim is to inculcate a value system in the students so that they may attain the holistic development.
- ✓ The college is committed to promote higher education for students in such a way that it meets the fast changing needs of the agriculture and industrial sectors and to cater to the demands of the students belonging to the various strata of our society
- ✓ The college insists on working towards the objective of empowering students to face the challenges of the corporate world and to maintain industry-academia relationship
- ✓ Our college has become a member of UGC-INFLIBNET-NLIST (National library and information services infrastructure for scholarly content)
- ✓ Twenty days 2<sup>nd</sup> Young Students Scientists Programme (YSSP) for School Students have been conducted between 23<sup>rd</sup> April and 12<sup>th</sup> May 2011
- ✓ Capacity building programme on testing and evaluation methods for Junior staff was conducted on 9<sup>th</sup> July 2010

- ✓ A book fair was organized in the auditorium for the benefit of the students and staff.
- ✓ During the academic year 2010 – 2011 more than 98% of the students are from rural area with their parent's occupation as agriculture which is evident that our institution attract the rural community
- ✓ The goals and objectives are made known to the freshers during the Induction Programme conducted at the beginning of the academic year.
- ✓ All the teachers who have less than five years of teaching experience undergo an Orientation Programme organized by the IQAC. The themes of the Orientation Programme are related to the recent trends in educational psychology.
- ✓ Outreach Programmes take the benefits of higher education to the poor and rural people in the hamlets in and around Hosur.
- ✓ The very fact that during this year 44% girl students studying in the college reveals that the academic programmes offered by our institution have attracted the women community by catering their needs.
- ✓ To create awareness among the women, a women development cell has been established to address the needs of women on health, legal problems, rights and employment
- ✓ As part of the Quality Concern, concrete steps have been taken in establishing an Internal Quality Assurance Cell in the campus. Feedback has been collected from the outgoing students during the final semester. The external members of IQAC were replaced with more dynamic personalities so that they play a proactive role in the cell
- ✓ The tutoring system has been implemented for the last few years. In this system every class has a tutor, a senior staff-member of the department, who would keep track and monitor the academic progress made by the students of that particular class

### **Research activities**

Ever since the inception of the research centre in Microbiology, Tamil, Computer Science, Commerce, Biochemistry, Research Scholars and faculty members in Microbiology has catered the younger generation on the importance of the issue. A multidisciplinary approach in research is given by merging biological sciences such as Biochemistry, Microbiology and Biotechnology. The field of research in life sciences area caters the needs of the society at all levels.

### **Extension activities**

- The post graduate departments of life sciences are carrying out the research and extension work to transmit the research findings from “Lab to Land”.
- The extension work carried out by the 3 NSS units of our college in 2 villages and by 20 programmes.
- The Department of Computer Science has given ‘in house training’ on MS Office and Internet to the newly appointed teaching and non-teaching members of our college.

### **2. New academic programmes initiated (UG and PG)**

UG : B. Sc Computer Science (Additional Section)  
BCA (Additional Section)

### **3. Innovations in curricular design and transaction**

The curriculum and syllabi of the courses have been restructured to Choice Based Credit System (CBCS) from the academic year 2008 according to the instructions given by TANSCHHE through Periyar University, Salem to which the college is affiliated.

Apart from the curriculum designed by the Periyar University, Salem, we take personal responsibility in the following;

- Teaching has been reformed in such a way that the student understands the fundamental concepts and principles that underpin their areas of specialization.
- Application of the principles and the subject in practical life is being taught
- Moral and ethical issues of the subject
- Substantial research oriented hands on training that generate knowledge and analytical skills are being taught
- We believe that the role of computer is very essential for the future endeavour in almost all the programmes offered by the college. Thus the college has provided internet connectivity to all the faculties, thereby creating greater awareness of Information and Communication Technology among the students and promote the process of learning.
- Remedial Programmes have been organized for slow learners / low achievers.
- Internship in leading institutions and rural areas

- College provides choice through elective papers, Non Major Electives and Extra Disciplinary courses
- Compulsory participation in NSS/YRC/Sports
- Introduction of General awareness course to facilitate the students to write the competitive examinations and Environmental studies to create environmental awareness

***Innovations in Teaching methods***

- Multimedia Learning process
- Teaching with sense of humor
- Group discussions

***Innovations in Laboratory experiments***

- Laboratory experiments are designed by Periyar University, Salem and so no innovations can be made in this criteria

***Innovations in Evaluation methods***

Evaluations are made in respect to individual students by

- Assignments
- Class seminars
- Group Discussions
- Model preparation
- Activity based learning

***Preparation of resource material including books, reading materials, Laboratory manuals etc.***

Students are issued with a hard copy of reading materials and protocols of experiments to be done in laboratory for their allotted subject

***Remedial Teaching / Student counselling (academic)***

- Apart from normal class room sessions, the students with less concentration and poor understanding are given special attention after the college hours. They are individually called and the concepts of the lessons are taught for their easy understanding and creativity based learning are given for their easy understanding.

***Any Other Innovations***

- Encouraging student to participate and present papers/posters in state/national and international seminars/conference/workshops for scientific interactions.
- Conducting industrial visit to the biotechnology/food/pharmaceutical industries for students to promote the spirit of bioentrepreneurship

**4. Interdisciplinary programmes started**

Nil

**5. Examinations reforms implemented**

- Three Internal Assessment Tests and a Model Examination for theory, and a Model practical exam for each subject were conducted for each semester.
- Based on the examinations, seminars and assignments, the students were given internal marks.
- Quality initiatives in students' progress were achieved by sending progress reports to parents regarding attendance, unit test and model exam marks and semester examination marks of the students to parents.

**6. Candidates qualified NET/SLET/GATE etc.**

<b>S. No.</b>	<b>Name of the staff</b>	<b>Department</b>	<b>Eligibility obtained</b>
1.	Mr. Esakimuthu	Commerce	NET
2.	Ms. Brindha Devi	Commerce	NET

**7. Initiative towards faculty development programme**

The Management is instrumental in making continuous efforts to promote the development of teachers.

- Teachers are allowed to carry out their research and can avail study leave to write their M.Phil. and Ph.D. examination and complete their dissertation work.
- The Management has encouraged many staff members to attend National, International Conferences / Seminars / Symposia / Workshops and training programmes on deputation.

- Internal Quality Assurance Cell has also taken initiatives for the welfare of the faculty members of the college and in the current academic year, it has conducted 4 programmes for the benefit of the faculty. They are as follows:

**25. Computerization of administration and the process of admissions and examination results, issue of certificates:**

The office administration is completely computerized and the campus is completely connected with intra and internet facilities.

**26. Increase in the infrastructure facilities:**

The following are the infrastructure facilities created during 2010 – 2011

***Towards the purchase of new instruments and chemicals***

Biochemistry	–	Rs. 1,58,050
Chemistry	–	Rs. 3,79,743
Physics	–	Rs. 2,88,245

***Towards the purchase of new softwares***

Computer Science	–	Rs. 58,000
------------------	---	------------

**27. Technology upgradation:**

New hi-tech computer laboratory for the UG and PG students have been established in the last academic year in the department of Computer Science and in continuation to that new software's and antivirus worth Rs. 58,000 has been purchased. New multimedia computers were purchased to meet the demand of the increase in the number of strength in the Department of Computer Science and in the Department of Computer Application. Office administration is fully computerized and the campus is fully connected with intranet and internet.

**28. Computer and Internet access and training to teachers and students:**

One-day training programme on Information Communication Technology (ICT) usage and Office Automation has been conducted to teaching and nonteaching staff members. Internet access is provided to all students through computer laboratories at their allotted time period.

**29. Financial aid to students:**

The State and Central Government scholarships are being applied for the students at the beginning of the academic year and the same has been received and released to students as scholarships. Apart from the Government Scholarships the Management has distributed towards scholarships for sports persons and economically poor counting more than 10 students this year.
