## POST EVENT REPORT

**Title of the event: One Day Seminar on from code to cure and NGS Application in Clinical Genomics**

**Venue: Seminar Hall-III**

**Date: 06/04/2023**

**Time: 10.30 a.m.**

We conducted a One day Seminar on from code to cure and NGS Application in Clinical Genomics in our college in the Seminar Hall in the presence of our Principal Dr.A. Muthumoni. The main aim of this Seminar was to get some Knowledge about the Genomics to our Students.

The Chief Guest of the programme was Dr.G.Viswanathan is presently serving as Senior Scientific Officer, Mediomix diagnosis and Bioresearch Pvt. Ltd., Bangalore, India. Dr. G. Keerthana gave welcome address about our Chief Guest. Anchoring was done by Ms. Preethi Vote of Thanks was delivered by Mr. Madesh.

In his speech the Chief Guest shared lot of information regarding the basics of bioinformatics, He elaborated about the Recombinant protein expression, purification & characterization in *E. coli*. He also explained Students about RNA silencing and CRISPR CAS9. More than 73 participants attended the programme and got information regarding the Genomics.

### **Programme outcome:**

About 120 participants including other Department participants from the our institute got some new information regarding next generation sequencing, Molecular cloning & vector designing using basic and advanced techniques and Genomics. They interacted with the Faculty and Students and cleared their doubts. The programme got very good response between our Students.

## SHORT PROFILE OF THE CHIEF GUEST

### **Dr. G. Viswanathan**

Senior Scientific Officer,  
Mediomix Diagnosis and Bioresearch Pvt Ltd  
Bangaluru.

Dr. Viswanathan, currently working as Senior Scientific Officer, Mediomix diagnosis and Bioresearch Pvt. Ltd., Bangalore, India. I have 7+ years of experience in different sectors like Molecular cloning & vector designing using basic and advanced techniques (Synthetic Biology). Recombinant protein expression, purification & characterization in *E. coli* platform. He also has experience in computational biology and invitro diagnostic kit development. Currently, He is working on the next generation sequencing on the Oxford Nanopore Technologies and Illumina platform. He completed my Ph.D. from Karpagam University, thesis entitled Isolation, profiling and expression analysis of microRNAs from Sugarcane. During this period, He worked as a junior research fellow under DBT, New Delhi sponsored project.

He worked as an Associate, Technical Product Support, VWR Pvt. Ltd., India. He did his post-doctoral research from Sichuan agricultural university, Chengdu China where He worked on some advance techniques like RNA silencing and CRISPR CAS9. He has worked as Assistant Professor at SNGC, Coimbatore, India. Later, He worked as a research scientist at Sristi Bio-sciences Pvt. Ltd., Coimbatore, India. Here He worked on development of molecular biology and diagnostic kits in addition to next generation sequencing services. He has strong field application knowledge with potential product demonstration/ presentation skills. Experienced in customer management, new business generation and building lasting relationships. He has published 11 research articles in various highly reputed international journals such as JIPB, Frontiers in Plant sciences, Plant cell reports, Phyto pathology research with a cumulative impact factor of more than 40. I have published 3 book chapters and presented my research papers in various national (16) and international conferences (6). He has been awarded as best outgoing student for PG courses by Karpagam University, Best paper presentation at the 11th Annual National congress of the Chinese Society of Plant Pathology, Beijing, and young researcher award by the Nilgiris epic events, India. He also travelled to many countries like China, Malaysia, Singapore and Thailand for various research activities.

## POST EVENT REPORT

**Title of the event: Expert Lecture on “Recent Advancement and Biomedical Applications of Nanobiotechnology”**

**Venue: Seminar Hall-II**

**Date: 04.04.2023**

**Time: 10.30 a.m.**

We conducted an Expert lecture on “Recent Advancement and Biomedical Applications of Nanobiotechnology” in our college in the Seminar Hall II in the presence of our Principal Dr. A. Muthumoni.

The main aim was to upskill the knowledge of students regarding biomedical applications of nanobiotechnology and to impart them with valuable knowledge of job opportunities in the field of biotechnology.

The Chief Guest of the programme was Dr. R. BALAGURUNATHAN M.Sc., M.Phil., M.Phil. (Biotech) Ph.D., who is Head of the Department of Microbiology. Mr. Hemanth M welcomed the gathering. Ms. Chitra D R introduced the Chief Guest. Anchoring was done by Mr. Vasu V. Vote of thanks was delivered by Ms. Aishwarya K.

### **Programme outcome:**

About 73 students got many information and ideas about the basics of nanobiotechnology and its biomedical applications such as cancer treatment, tissue engineering, targeted drug delivery which has least side effects and advantages of using nanomedicine. He also explained clearly about the scope of nanobiotechnology in future which was very useful to students. He also gave precious knowledge to students about various types of nanomaterials and their different applications in the field of medicine.

The students interacted with the guest and cleared their doubts. The programme got an overwhelming response.

**Two Days Hands on Workshop on “Basics of Bioinformatics for Beginners”**

**Venue: Seminar Hall**

**Date: 24<sup>th</sup> and 25<sup>th</sup> January 2023**

**Time: 10.30 a.m.**

The Department of Biotechnology has organized a Two Days Hands on Workshop on “Basics of Bioinformatics- for Beginners”. Deciphering the code of life, in our college in the Seminar Hall in the presence of our Principal Dr. A. Muthumoni.

The main aim of the workshop was to introduce the concepts of bioinformatics to the student community. The Chief Guest to the programme was Dr. Farhan Zameer who is presently serving as Associate Professor (PG Department of Ayurveda Pharmacology) and Chief Scientific Officer (ATMA R&D) at Alva’s Ayurveda Medical College, Vidyagiri, Moodubidire. Our Student Mr. Chandrasekar welcomed the gathering. Our Student Ms. Archana introduced the Chief Guest. Anchoring was done by Our Student Ms. Gayathri, Vote of Thanks was delivered by Our Student Mr. Praveen.

In his speech the Chief Guest shared lot of information regarding the basics of bioinformatics. He elaborated about the code of life and how it is handled with the help of bioinformatics. He also explained students about sequencing DNA and protein. 73 participants attended the programme and got information regarding the bioinformatics.

## **Programme outcome:**

About 73 participants from our institution got some new information regarding various databases, sequencing, Phylogenetic analysis and Genomics. They interacted with the guest and cleared their doubts.

## POST EVENT REPORT

**Title of the event: One Day invited talk on tools for multi Omics Data Analysis Programme**

**Venue: Seminar Hall-III**

**Date: 17/11/2022**

**Time: 10.00 a.m.**

We conducted a "One Day Invited talk on Innovative tools for multi Omics Data Analysis Programme in our college in the Seminar Hall in the presence of our Principal Dr. A. Muthumoni. The main aim of this Seminar was to get some Knowledge about the Data analysis to our Students.

The Chief Guest of the Programme was Prof H.S .Subramanian. He is presently serving as Director in Institute of Bioinformatics and Applied Biotechnology, Electronic city, Bangalore, India. Dr. G. Hemamalini gave welcome address about our Chief Guest. Anchoring was done by Ms.Kavitha Vote of Thanks was delivered by Mr.Balakrishna

The Chief Guest shared lot of information regarding the basics of Data analysis; He gave Lecture about the biomarker prediction, and deriving insights into the data. He also explained briefly about the Multi-Omics Data Repositories and Visualization Portals. More than 80 Participants attended this programme and got information regarding the multi-omics data integration.

### **Programme outcome:**

About 85 Students participated in the seminar and gained sound knowledge about the Biomarkers role in the diseases. Student's interaction with chief guest was awesome. His talks made a significant impact on the student's empowerment knowledge. The students were inspired with his motivational talk. Enriched with new information multi-omics, data integration, disease subtyping, biomarker prediction, data repositories using basic and advanced techniques and Genomics. The programme got very good response between our Students.

### SHORT PROFILE OF THE CHIEF GUEST

**Prof. Subramanya**

Director,

Institute of Bioinformatics and Applied Biotechnology

Electronic City, Bangalore.

He completed his Master Degree in physics from the University of Mysore. Prof. Subramanian received his Ph.D in structural biology from the Indian Institute of Science, Bangalore in 1993. He went on to do postdoctoral work at the University of Oxford, UK from 1993 - 1998. After returning to India, he was a faculty member and Assistant Director of the Central Drug Research Institute, Lucknow. He then returned to Bangalore, and was associated with Aurigene Discovery Technologies Ltd. from 2002–2014, the latest position being that of Senior Vice President, Lead generation and Structural Biology. He is currently also a Visiting Professor at the Institute of Trans-Disciplinary Health Sciences and Technology. Prof. Subramanya has 36 publications and 9 patents to his credit.

We are interested in understanding structure function relationship of proteins using structural biology tools such as X-ray Crystallography, Cryo-EM and Structural Bioinformatics. We intend to design and develop novel drug molecules against specific target proteins.

## POST EVENT REPORT

**Title of the event:** Expert talk on recent development in biotechnology and job opportunities

**Venue:** Seminar Hall-III

**Date:** 10.11.2022

**Time:** 10.30 a.m.

We conducted an expert talk on “Recent development in biotechnology and job opportunities” in our college in the Seminar Hall in the presence of our Principal Dr. A. Muthumoni.

The main aim of the workshop was to upskill the knowledge of students regarding recent developments in biotechnology and to impart them with valuable knowledge of job opportunities in the field of biotechnology.

The Chief Guest to the programme was Dr. Prasad MP who is the founder and CEO of Sangene biotech. Mr. Jagadesh welcomed the gathering. Ms. Dharshini introduced the Chief Guest. Anchoring was done by Ms. Kavya. Vote of Thanks was delivered by Ms. Keerthi

### **Programme outcome:**

About 150 participants got many informative and ideas about job opportunities. In Chief Guest’s speech he shared lot of information regarding the development of recent trends in biotechnology like CRISPR technology, new advancements in cancer treatments, applications of nanotechnology in biotechnology, Importance of bioinformatics in biotechnology and so on. He also shared various job opportunities in the field of biotechnology which was very informative and helpful to our students.

They interacted with the guest and cleared their doubts. The programme got an overwhelming response.

# SANGENE BIOTECH

Established in 2004, a registered centre offers Contract research and Training solutions to Industries and Students alike in the areas of Molecular Biology, Microbiology, Protein Chemistry, Phytochemistry, Nano Technology and so on. Has grown to cater to the ever-changing scenario of science focusing on Research and Development and Human Resource Development with the aid of cutting-edge technology. We have been providing quality services for the past 18 years to continuously provide the Best. The training programmes offered at Sangene Biotech are completely Practical oriented and the trainees shall thus have the opportunity to get acquainted to Sophisticated Equipment and Interpret the Experimental Data. The students get Hands-On Training and Experience in handling the Instruments & techniques along with working in and exposure to Quality Research Environment.

## Objectives of Training and Projects:

- Individual hands-on Training of all Lab Work leading to skill development
- Guidance and Technical Support to the Lab Work
- Exposure to the latest and sophisticated instrumentation
- Working in and Exposure to Research Environment

## Eligibility:

B.Sc / M.Sc / BTech / MTech – Biotechnology / Micro Biology / Bio Chemistry, BE Biotech / Pharma graduates / Research Scholars / Medical and Dental Students.

## Advance Diploma Training – 30 Days

We offer the following Practical, Individual Training, with Applications and handling of Instruments, which is technical based helping the students grasp the practical aspects and apply it in their future career

**Molecular Biology & RDT**  
**DNA Sequencing & DNA Fingerprinting by RFLP & RAPD technique**  
**Protein Chemistry**  
**Enzyme Technology**  
**Pharmaceutical Microbiology**  
**Industrial Microbiology**  
**Clinical Microbiology**  
**Food Microbiology**  
**Nano Technology**

## P.G. Diploma Training – 6 Months

P.G. Diploma is an Industrial Career Oriented Training Programme to develop and create the Technical and Practical Skillset making you job ready, to Meet the Industrial Requirements and to take on the Challenges of the Industries.

- **Molecular Biology & Recombinant DNA Technology.**
- **Microbiology**
- **Fermentation Technology**
- **Nano Technology**

## Projects: 1 – 6 Months

Sangene Biotech offers students & Research scholars the Facility to carry out Academic Dissertation / Project works in various disciplines. Which not only Fulfils their Curriculum requirement but also helps in their Career Growth and Future Research Prospects and Publication of their work.

Molecular Biology / Biotechnology / Microbiology / Nanotechnology / Phytochemistry / Enzyme-technology / Biochemistry.

## POST EVENT REPORT

**Title of the event: One -Day Special Workshop on Renewable Energy Sources**

**Venue: Seminar Hall-II**

**Date: 15.12.2022**

**Time: 10.30 a.m.**

We conducted a One Day Special workshop on Renewable Energy Sources in our college in the Seminar Hall in the presence of our Principal Dr. A. Muthumoni.

The main aim of the workshop was to introduce the non-conventional energy sources to the student community.

The Chief Guest to the programme was Prof. Dr. Jeyakumaran M.Sc., MPhil., Ph.D., Dean Research and Associative Professor of Physics, V.H.N.S.N College, Virudhunagar. Mr. Raj mathanraj welcomed the gathering Dr. K. Janaki introduced the Chief Guest. Anchoring was done by Dr. P. Rajalakshmi. Vote of Thanks was delivered by Mr. S. Vijayan.

In his speech the Chief Guest shared lot of information regarding the non-conventional, renewableenergy sources available, the technology to trap them and use them. By this the usage ofconventional energy will be reduced. By this we can avoid the buildup of greenhouse gases in theatmosphere. More than 150 participants attended the programme and got information regarding the non-conventional energy sources.

### **Programme outcome:**

About 100 participants got some new information regarding various forms of non-conventional, renewable energy sources. They interacted with the guest and cleared their doubts. The programmegot a overwhelming response.

## Post Event Report

**Title of the Event** : Hands-On Workshop On Application Of Zebra Fish In Biomedical Research  
**Date** : 27.09.2022  
**Venue** : Lecture Session : M.G.R. Seminar Hall - II  
Practical Session : Biochemistry Laboratory  
**Time** : 10.00 A.M

Department of Biochemistry organised a Hands on workshop on Application of Zebra Fish in Biomedical Research on 27.09.2022. Dr. Angel Jemima, CEO of Trichy Research Institute of Biotechnology gave a special lecture on Applications of Zebra fish. Dr. T. Pakutharivu, Assistant Professor and Head of Biochemistry welcomed the gathering. Dr.A.Muthumoni, Principal, M.G.R. College inaugurated the function. In his speech he emphasised the importance of knowing about new and insightful things in day to day research and appreciated the effort of the faculties of Biochemistry Department for organising such a workshop. Students of Biochemistry Department participated in this event. After the Lecture, the students were taught practicals in zebra Fish by the team members of Tri Biotech, Trichy. The programme ended with a vote of thanks by Dr. S. Chitra, Assistant Professor, Department of Biochemistry. At the end of the session Certificates were issued by the chief guests to the participants. Thus the programme was very useful and informative to the Biochemistry students.

**Programme Outcome:**

All the participants have learnt about the blood collection, sex determination, tissue sectioning etc., in Zebra Fishes. They have clarified all their doubts with the team members directly. All the students have enthusiastically participated in the programme and learnt many ideas how to do more research in Zebra fishes.

Respected sir,

Sub: Requisition for conducting a "Hands on Workshop on Application of Zebra fish" reg.

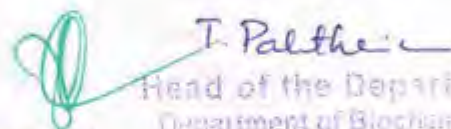

We are going to sign MoU with Trichy Research Institute of Biotechnology Pvt Ltd., (TRI-Biotech, Tiruchirappalli) on 27.09.2022 and also we are planning to conduct a "Hands on Workshop on Application of Zebra fish in Biomedical Research" for the Life science students on the same date. In this regard we are seeking your permission. This will be very useful for their practical and research oriented knowledge. Kindly do the needful.

Thanking you,

Yours faithfully,

Dr. E. Angel Jemima is a young entrepreneur who owns Trichy Research Institute of Biotechnology Private Limited (TRI-Biotech), situated at the heart of Tiruchirappalli district (Thillai Nagar), in Tamil Nadu. TRI-Biotech is an ISO-certified contract research and industrial training institute, founded with a noble vision to provide quality research services at a nominal price and to meet global needs with scientific advancement in the field of life sciences.

TRI Biotech was established in the year of 2016 as a proprietary firm and registered under MSME as Trichy Research Centre for Biotechnology (TRCBT). Meanwhile, TRI Biotech has made significant progress in industrial research, teaching, hands-on training programs, workshops, contract research, and development. Trichy Research Institute of Biotechnology became a private limited company in the year of 2017 and registered under the Indian Companies Act 2013.

Angel got distinction and received her undergraduate degree in Biotechnology from Bharathidasan University, Tiruchirappalli. She received her post graduate degree in Biotechnology from the Alagappa University at Karaikudi. She received her Master of Philosophy in Biotechnology from the Tamil Nadu Animal Sciences University, Madhavaram, Chennai. She worked as a senior research fellow in a DBT project, Govt. of India and she has successfully completed her doctoral degree in Biotechnology from SRM University, Chennai.

She is highly self-motivated and has expertise in conducting research in the field of life sciences. She is embedded with more than 12 years of research experience in the fields of animal cell culture, biotechnology, molecular immunology, cell biology, microbiology laboratory animal techniques, etc. She has qualified GATE exam in biotechnology, a national-level competitive exam to join research in national laboratories. She has successfully completed the Federation of European Laboratory Animal Science Associations (FELASA) accredited certificate course in laboratory animal Sciences at TANUVAS, Chennai.
