Solid Waste Management

Solid, non-biodegradable wastes are gathered and dumped into the municipal waste management system. By upholding the waste segregation regulations, the college carries out solid waste management. Papers and notebooks that are used for various purposes are recycled. There are enough sweepers assigned to keep the campus clean.

Color Coded Dustbin

Solid waste is of two categories: biodegradable and non-biodegradable. Biodegradable wastes that decompose naturally include food scraps, canteen waste, toilet waste, and so on. Non-biodegradable waste includes plastic, tin, glass, bottles, etc. A separate colour-coded dustbin is placed on all the floors and blocks for the collection of both degradable and non-biodegradable waste. The students and employers are instructed to utilise the blue-coloured bins for non-bio degradable and the green-coloured bins for Bio degradable for the proper disposal of the waste.
